THIRTEENTH SEASON—NO. 86

DAYTONA, FLORIDA, TUESDAY, MARCH 13, 1917

15 CENTS A WEEK, DELIVERED

HUNDREDS SEE GERARD AS HE BRIEFLY STOPS ON WAY TO CAPITAL

EXPRESSED GREAT APPRECIATION FOR LOYALTY OF PEOPLE

Hon. James W. Gerard, former ambassador to Germany, was given an ovation at the Florida East Coast railway depot this morning when the Pennsylvania Pullmans in which he, with Mrs. Gerard and members of his suite, forming part of a second section of the Oversea Limited, train No. 86, stopped for a few moments, shortly before 11:00 o'clock. As previously noted in the Daily News, Mr. Gerard and party arrived in Havana, Cuba, Saturday, aboard the Spanish steamship Infanta Isabella, and were en route by way of the Florida East Coast to Jacksonville and thence to Washington, D. C.

The fact that the former ambassador and party would pass through Daytona this morning, coupled with the hope that the train might make a stop here, drew hundreds of people to the railway depot early in the morning where they waited patiently for the second section which was about an hour behind the first section. So many people were attracted to the depot that the streets of the city through the early part of the day were practically deserted.

Through a happy inspiration of T. H. Lacy, of the News staff, the management of the Earl Hawk Big Stock company, playing this week on the City Island, was interested in furnishing its excellent band for the occasion and the music of the band while the train was lying at the depot added greatly to the effect of the reception tendered the nation's late representative to Germany.

Shortly after the train came to a stop Mr. Gerard made his appearance and stepping to the platform, saluted the big crowd assembled in his honor. Owing to the music of the band and the noises incident to the movement of passengers and baggage it was difficult for any but those in the immediate vicinity to hear Mr. Gerard. He, of course, would say nothing of a political nature but confined himself to an expression of appreciation of the reception accorded him and his enjoyment of the trip up the East Coast and the beautiful weather of Florida.

During the time of waiting between the arrival of the first and second sections, the big crowd was entertained by a member of the Hawk company who sang a patriotic song, with accompaniment by the band, and responded to a hearty encore.

The station platform and depot grounds, thronged with people and vehicles, presented a lively and animated scene during the brief stop of the train bearing Mr. Gerard and party to the nation's capital and as the great diplomat re-entered the Pullman and the train rolled on its way it was followed by the inspiring strains of patriotic music by the band and the waving of goodbyes by the multitude.

Mrs. Kathleen Porter, who, since some time in the summer has been at Savannah, Ga., Cincinnati, Ohio, and other places, came to Daytona Saturday from Jacksonville and will be here for a short visit.

**PARTY OF FRIENDS
ENJOY VISIT HERE**

Dr. E. H. Levering, of Stroudsburg, Pa., and F. L. Dennis, of Binghamton, N. Y., guests for a month or longer at the Tourist hotel, left Saturday on their return north, stopping at various points en route. Mr. and Mrs. H. C. Clarke, of Binghamton, also guests at the Tourist, departed Monday, but will stop over in Charleston and Savannah before going home. This pleasant party, friends and neighbors north of Mr. and Mrs. H. R. Bauers, winter residents of San Juan avenue, greatly enjoyed their sojourn here. Mr. and Mrs. Bauers contributing in every way they could to their pleasure. It was a first visit here for Dr. Levering and Mr. Dennis who thoroughly enjoyed their stay.

Among the luncheon guests noted in the Princess Isabella dining room Sunday were Mr. and Mrs. N. D. Samuels, of Minneapolis, Minn.

HARRY K. THAW NOW LEGALLY A LUNATIC

PHILADELPHIA, Mar. 13.—Harry K. Thaw was today adjudged a lunatic by the Common Pleas court. Under the law he cannot be removed to New York to stand trial on charges of assaulting Fred Gump, Jr., the Kansas City school boy. Thaw will be kept in a local hospital pending his removal to the Pennsylvania asylum.

INSTRUCTIONS TO "ARMED GUARDS" ALREADY PREPARED

WASHINGTON, March 13.—Complete instructions to "armed guards" to be placed aboard American merchantmen has been drawn up by the Navy department and approved by Secretary Lansing. The instructions will be forwarded to gunners aboard merchantmen whenever the ships are ready to sail. The nature of the instructions is not made public. The Navy department is making every effort to suppress information regarding the arming of ships and sailing dates.

BROTHERHOODS HOPEFUL OF ADJUSTMENT WITH RAILROAD MANAGERS

STATE SUN. SCHOOL CONVENTION LIKELY TO MEET IN DAYTONA

At the annual business meeting of the Daytona Commercial club held Monday night, it was determined to give the full co-operation of the club to County Superintendent of Sunday Schools E. H. Shoemaker, in getting the state convention, which meets next November, to come to this city.

The sum of \$100 was voted for the purpose and Geo. H. Gardiner was appointed to act as the club's representative with Mr. Shoemaker.

Mr. Shoemaker, who also has the backing of practically every church in this vicinity, has since been in communication with R. E. Weidner, of Jacksonville, the general state secretary of Sunday schools, who has wired that the prospects are very good and that he is on the way to Daytona arriving today to look over the situation.

The proposition of having the convention here will go before the meeting of the state executive committee of Sunday schools which take place March 20. Mr. Shoemaker, who is a member of this committee, feels quite confident of securing the convention.

**PRESIDENT'S CONDITION
STEADILY IMPROVING**

WASHINGTON, March 13.—President Wilson remained indoors today because of cold, but it is said that his condition is steadily improving. The usual cabinet meeting was cancelled.

LABOR OFFICIALS HAVE SO WRITTEN PRESIDENT WILSON

**STATEMENT TO BE
ISSUED SHORTLY**

WASHINGTON, March 13.—After a meeting with 100 labor officials from the southeastern states, the National officers of the four railroad brotherhoods announced today that a statement outlining the result of the conference on the eight-hour day would probably be issued shortly.

WASHINGTON, March 13.—The railroad brotherhoods on March 7 wrote President Wilson formally notifying him of the conference scheduled with the railroads March 15. It was declared in the letter that the brotherhoods were "hopeful" of making a satisfactory settlement with the railroads. They also informed the president that if the nation becomes involved in war while negotiations with the railroads are pending they would co-operate fully with the government.

Neither President Wilson nor Secretary of Labor Wilson have any official information that the brotherhoods intend to strike unless satisfactory arrangements are reached at Thursday's conference. An investigation has been begun through government agencies. Officials regard it as inconceivable that there will be a nationwide strike at this time. It is taken for granted that the president will use his utmost efforts to prevent one.

Information of Strike Received.
NEW YORK, March 13.—Information received by the National Conference committee, composed of the managers of the great railway systems, indicates that four employees of the four brotherhoods have completed arrangements for a progressive series of strikes if the conference on the eight-hour question Thursday fails to reach an agreement.

Mrs. G. B. Fitch and niece, Miss Irene Canty, of Detroit, Mich., have returned to Schmidt's hotel from Palm Beach where they went to visit points of interest. "Palm Beach is attractive but we are glad to return to Daytona," said Mrs. Fitch yesterday.

WAR SUMMARY

Carefully prepared British attacks on a wide front near Beaurains, south of Arras, were repulsed with heavy losses, according to the Berlin official statement.

Heavy bombardments continue west of Soissons, in the Champagne district, and near Verdun, according to Paris. The Hague advises say a German submarine is stranded on the Dutch coast.

PLANS FOR VAST ALLIED OFFENSIVE

Decisions of Incalculable Importance Arrived at During Rome Conference.

BIG DRIVES ON ALL FRONTS

More Vigorous War to Be Waged in Macedonia—Enormous Quantities of Guns and Munitions Ready on Western Front.

By C. F. BERTELLI.

Paris.—Although they issued a public statement after their conference in Paris last March, the war chiefs of the entente powers remained completely silent following their Rome conference the other day. But I have learned on indisputable authority that decisions of incalculable importance were arrived at.

The principal subjects discussed were:

The Saloniki expedition. The relation between each nation's resources and its effective contribution to the war, bearing particularly upon (a) effectives; (b) munitions; (c) finance.

Preparation of offensives on all fronts for the coming spring.

While for obvious reasons I am not permitted to give details of the decisions arrived at, I am able to state that as regards the Macedonian front the entente powers have at last been united by the French leaders and that at the chosen moment the offensive will be delivered from the Saloniki base with an energy and force hitherto conspicuously lacking.

At last Premier Briand, backed by General Sarrail, the commander of the entente forces in Macedonia—who is tremendously enthusiastic about the possibilities to be expected from his sphere of the hostilities—has brought England and Italy into line. The governments of both these countries, acting on the advice of their military counselors, have barely disguised their indifference to the Saloniki campaign, but since the Rome conference that feeling has been replaced by a united determination to wage more vigorous war in Macedonia, where, of course, both countries will increase their effectives.

Have No Illusions.

The after war problems which the Rome conference discussed were principally economic and social. None of the entente statesmen has any illusions as to the question of monetary compensation for war expenditure and damage to be obtained from Germany. No one nation could possibly bear the burden of \$150,000,000,000, which the war will have cost in actual expenditure for armies and navies between August, 1914, and the fall of 1917, to say nothing of the billions of dollars worth of property destroyed.

The entente leaders were therefore faced with the necessity of establishing a plan that will not utterly crush the present generation under an appalling overburden of taxation, and at the same time that will provide enough credit to enable each nation to meet its obligations.

The principle has been adopted of postponing a final settlement of war debts to 100 years hence. In this way this generation, which has paid the awful blood price of the war, will not in addition be reduced to utter poverty. Generations still unborn will receive a heavy legacy of war bills as the price of national liberty and for the privilege of living under the institutions of their own country, however small the country be.

European taxation will remain moderate for some years, until the revival in trade is complete, then will begin to be applied a gradually rising scale of taxation, until, some fifty years hence, the statesmen of the day will be expected to begin the liquidation of the war liabilities in real earnest. Thus may default be avoided. A prosperous Europe, not the stricken and groaning Europe of today, will be looking to honor all bills and keep the financial credit of the entente nations unstained.

Will Work in Harmony.

In this respect it is planned to have

France, England, Italy and Russia work in harmony, the richer helping the poorer from generation to generation. This plan in itself foreshadows a post-war quadruple alliance of a more intimate and binding nature than has ever characterized other alliances in the world's history; and if its purpose is to be fully fulfilled, its duration is expected to be at least 100 years.

A prominent politician who was in Rome at the time of the conference, tells me that entente statesmen do not expect the German government to make a serious effort to meet the country's financial liabilities toward its own people, and it is therefore not difficult to understand why the big business interests of Hamburg, Frankfurt and Berlin have for long been clamoring for peace.

If, as expected, Germany wipes off her liabilities and begins again with a clean sheet, she will obviously be in a position of economic superiority to the entente countries while the latter are struggling to devise ways and means of meeting their indebtedness.

Social problems will be no less grave. Of all the entente countries, France will have suffered most heavily in men in relation to her population by the time the war is over. By the end of this year her dead or permanently incapacitated may reach 5,000,000, and England, Italy and Russia will suffer after the same rate. At the same time, Germany's losses will be found to be superior, both relatively and absolutely, to those of any other country in the war.

Affects the United States.

This means that in every town and village labor will be scarce. Emigration will be brought to a standstill for at least this generation, and perhaps for the next. The United States will thus be directly affected, while it is certain that the development of Canada will be set back for half a century.

Proof that a great scarcity of labor is feared in Europe, and especially France, is given by the measures already prudently taken by the French government for the introduction of coolie labor. This movement began some months ago and will be intensified this year. Already thousands of Asiatics are employed for national purposes, and even when millions of Frenchmen are released from the colors it is anticipated that the employment of colored men will have to be continued to make a big trade revival possible.

Therefore, in the opinion of European statesmen, America will be greatly disappointed if she expects the releasing of millions of men at present in the field to cause a stream of migration westward across the Atlantic owing to bad conditions in Europe.

The greatest and most pressing question dealt with by the Rome conference was, of course, that of the organization of huge united offensive strokes on the main fronts this year.

The moment for delivering these simultaneous blows will be decided upon by the commanders in chief, but it is no secret that by next April the millions of men and women working in munition factories will have produced sufficiently enormous quantities of guns and shells for the beginning of a continuous offensive that will break beyond repair the belt of iron laid by the German invaders across Europe. Had not entente statesmen been sincerely convinced of their steadily increasing military superiority over Germany they would not have shut the door on Germany's peace opening.

One Man in Chief Command.

Real unity of army command is an immediate probability in the entente camp. It will very likely center in one man, supported by a small international staff.

In future entente offensives the weight of attack will be more fairly apportioned to the big nations in accordance with their resources in man power than has been the case hitherto. The British front is gradually lengthening; it will grow a lot longer before the war is over. In fact, the relative length of entente offensives will be decided upon after a consideration of population, number of combatants, nature of seas and length of front in the case of each nation.

Regarding munitions, no longer will each country manufacture heavily for itself, with a view to various partial attacks fixed in advance. Henceforth the countries will decide: (1) the amount of defensive material necessary for the whole front; (2) the material necessary for offensives on the

whole of the different fronts; (3) the quantity of raw material for munitions needed in every country.

WAR NURSE TO WED

Miss Kelynach of Crestwood, N. J., went to England last October as a volunteer Red Cross nurse. On the voyage over, she met Charles McDade, a Belfast merchant, and they became friends. After Miss Kelynach had served some time in a hospital at Southampton Mr. McDade called to see her and proposed marriage. He accompanied her on her return to this country and the marriage will take place in April.

Woman Confessed; Then Smoked.

York, Pa.—Mrs. Annie Denlinger, charged with the murder of her husband, Harry Denlinger, confessed the crime in the jail here, and then asked for a cigarette. She declares she was treated so brutally by her husband that she does not care what happens to her.

Boy Scalded in a Pot of Soup.

Clarksburg, W. Va.—Stephen Fumich, four-year-old son of Mr. and Mrs. George Fumich of this place, fell into a kettle of boiling soup and was burned to death.

Excellent Advice.

I came across the following clipping from a medical journal which had been hidden away in a box: "Talk less, breathe more; eat less, chew more; ride less, walk more; clothe less, bathe more; worry less, work more; waste less, give more; write less, read more; preach less, practice more." A whole sermon in one period. We have been hammered into a belief that deep breathing is the source of good health or of good lungs at least, and the gospel of fresh air is preached everywhere on the globe. I reckon—Exchange.

Quarantine Laws.

Nations are supposed to be sovereign—that is, to have the right to make their own laws, rules and regulations; and this sovereignty holds, in part, at least, for cities, towns and even rural communities. The right of self-preservation is inherent and inalienable, and nation, state, city or countryside has the right of quarantine, if the necessity for it really exists.

Verifying the Simile.

"Men are not so much different from butter," says the Albany Knickerbocker Press. Well, some of them are so soft they need a continual frost to keep them from the melting mood.—Buffalo Times.

Firm in His Principles.

"What would happen if an irresistible force should meet an immovable body?" "It is not necessary for anything to happen. I maintain that arbitration is always feasible."—Louisville Courier-Journal.

KING ALFONSO OF SPAIN

Many well-informed persons believe that Spain will be the next country drawn into the European war, on the side of the entente allies.

THE WEATHER

FOR FLORIDA: Probably local
rains tonight and Wednesday; fair
south portion. Moderate south winds.
Temperatures continue much above
the seasonal average over the Gulf and
South Atlantic states, the excess rang-
ing from 18 to 20 degrees in the west
Gulf section—due to the disturbance
central over Texas. The weather is
somewhat cooler over western Texas.
There were rains during the last 24
hours over most of the country east
of the Plains states and north of the
Ohio, except the New England dis-
trict; rain has changed to snow in
Oklahoma. The winds are moderate
southerly on the lower coasts. Con-
ditions favor increasing cloudiness to-
night and Wednesday—probably local
rains.

WASHINGTON MAN SERIOUSLY HURT IN HOST'S HOME

ROANOKE, Va., March 13.—Stock-
ton Heth, Jr., son of Captain Stockton
Heth, of Washington and Radford, Va.,
was shot three times this morning and
seriously wounded in the home of C. E.
Vawter, a professor of the Virginia
Polytechnic Institute, at Blacksburg,
where he has often been a guest. No
arrests have been made and no details
given out.

COLOMBIAN TREATY MODIFIED IN FORM

WASHINGTON, March 13.—The
Senate Foreign Relations committee
today approved in modified form the
Colombian treaty providing for the
payment of \$25,000,000 for the partici-
pation of Panama. It will be pressed
to vote at the present special session
of the Senate.

Profit and Prejudice.
Loaded scales can't measure fairly.
The men we dislike are always better
than our opinions of them. Person-
ality properly determines social pref-
erences, but performance alone is the
arbiter of competence. When preju-
dice intrudes upon trade, profit shud-
ders.

GEORGE H. LUDWIG RECEIVES
WORD OF DEATH OF DAUGHTER
Geo. H. Ludwig received word today
of the death this morning in Cleve-
land, Ohio, of his eldest daughter, Mrs.
Addie Skelton, wife of F. D. Skelton,
of Cleveland. Mrs. Skelton was taken ill
on Sunday. Information of Mrs.
Skelton's death was telegraphed to S. H.
Grove, who broke the sad news to Mr.
Ludwig. Owing to the condition of
his health and the severe weather pre-
vailing north, Mr. Ludwig will not
attempt to go to Cleveland. The fune-
ral will probably be held tomorrow.
Mr. Ludwig will have the sympathy
of friends in his bereavement. Mrs.
Skelton had many friends here who will
learn with regret of her death. She
spent some time here last winter with
Mr. Ludwig, in company with her sister,
Mrs. H. E. Poppel, of Cleveland.
Mr. Skelton and their son, Louis, and
Mr. Poppel also visiting Mr. Ludwig
for awhile.

"PANAMA JOE" TONIGHT AT ARCADE THEATER

"Panama Joe" will be giving away
a fine hat and other presents tonight
at the Arcade theater. The attraction
of the evening is a musical masterpiece
in five acts, "The Inner Struggle,"
with an all-star cast. This picture is
one of the most dramatic features
ever shown.
The film for tomorrow evening is
one from the famous production of
Edward Thibaut, who presents
Glenn Rogers in "The Traffic Cop,"
a thrilling new drama of the great
metropolis.

About the Wedding Ring.

The wedding ring is of gold to sig-
nify the nobility and durability of af-
fection. The form is round to imply
that love should never end. The place
is on the third finger of the left hand,
where the ancients thought there was
a vein that came directly from the
heart, and where it is always in view.
The third finger being a finger least
used, the ring may be least subject to
wearing out.

Duration of Lightning Flash.

A flash of lightning lights up the
ground for one-millionth of a second,
yet it seems to us to last ever so much
longer. What happens is that the im-
pression remains in the retina of the
eye for about one-eighth of a second,
of 124,000 times longer than the flash
lasts.

Not Exactly.

"Now that ferns have practically
ceased in this region," said the specu-
lative tourist, "I presume you have, fig-
uratively speaking, beaten your pistols
into pruning hooks?" "Nope," replied
Mr. Gap Johnson of Thompson Ridge,
Ark. "In the first place we don't raise
pruning hoes, and in the second place you
never know when a dead fern will be-
gin to set up and then notice."—Kansas
City Star.

"On the High."

Vivian is three years old. Her father
has an automobile and, of course, she
has frequent rides. The other night
when ready for bed she began jump-
ing up in bed, but always fell back on
the floor. After three attempts an in-
usually determined effort landed her in
the middle of the bed. Turned around
she triumphantly remarked: "Did you
see me make it on high?"

Still Shows Battle Scars.

Cartagena still shows many scars
of battle, for she had a hard life of it
in the past. As she was the principal
stronghold of Spain, all Spain's ene-
mies attacked her first when they
moved on the Americas. English bu-
caneers sacked her half a dozen times.
The English Admiral Vernon besieged
the city unsuccessfully for months,
but in spite of his poor success he in-
spired such admiration in a young co-
lonial officer that the latter named an
American country estate for the ad-
miral. The officer was one Lawrence
Washington, and he named the coun-
try place Mount Vernon.

Clock Proved a Friend.

Alice takes music lessons and con-
sidered it a great hardship to have to
practice one-half hour each day. She
has a little clock on the piano, and
makes sure that she does not spend
more than the allotted time at her les-
son. One day her mother was talk-
ing with a neighbor out in the back
yard when Alice ran out in great ex-
citement, calling: "Mother, I can't
practice any more. The clock has
stopped."

Mr. and Mrs. E. S. Stone, who had
been here for the past two months
with Mr. and Mrs. Geo. F. Crouch and
daughter, Miss Julia Crouch, at their
home on Loomis avenue, left this
morning on their return to Postville,
Iowa, stopping over briefly at Chatta-
nooga, Tenn. Mrs. Stone and Mrs.
Crouch are sisters.

\$25 REWARD

*For return to A. K. Brokaw, Daytona,
Fla., of 1917 Ford touring car, stolen
March 11th at Daytona. Motor num-
ber 1483,183. Volusia county license
tag 335.

Mrs. Katie D. Gilpin, a cousin of
Mrs. T. Fred Brown and C. M. Wilder,
of Daytona Beach, arrived Monday
afternoon for a two weeks' vacation
visit with Mr. and Mrs. Brown at
their home on the river front and
Peninsula drive. Mrs. Gilpin, former-
ly of Cincinnati and vicinity, but
now living at Wyoming, Ohio, spent a
month last season with Mr. and Mrs.
Brown, visiting here for the first time
in more than 29 years. She has num-
erous friends in Daytona and vicinity,
including former school mates from
Cincinnati now living here.

Mr. and Mrs. C. N. Adlard, who had
been here for the past three weeks at
their attractive bungalow, corner of
Ridgewood avenue and North street,
departed this morning for their north-
ern home, Piqua, Ohio. Mr. and Mrs.
Adlard spent a short time here before
the holidays, but returned to Piqua
and came to Daytona again about
three weeks ago.

Mrs. J. W. Frederick and son,
Charles Frederick, of Belfast, Maine,
who came to Daytona recently and are
occupying Mrs. H. Y. Stillman's house
at the corner of First avenue and Day-
tona street, are not strangers in Day-
tona, having resided here three years
ago at which time they made friends
who are glad to again see them here.

Mr. and Mrs. Fred F. Venable, of
Columbus, Ohio, who had been enjoy-
ing a pleasant vacation visit of a
month here with Mrs. Venable's moth-
er and sister, M. Miller, Mrs. S. C.
Kearney and the Misses Elizabeth and
Marion M. Miller, and also Mr. Kier,
at Mr. Miller's winter home on North
Ridgewood avenue, departed this
morning on their return north. Mr.
and Mrs. Venable had previously spent
a winter here a number of years ago
and Mr. Venable said this morning that
after this visit they like Daytona bet-
ter than ever.

Mr. and Mrs. S. G. Hand, who had
been in the city with Mr. and Mrs.
K. Miligan and son, Burton, and at
Miami with Judge and Mrs. H. P.
Brannan and little son, Harry, for
the past two months, departed this
morning on their return to their home
in Richmond, Ind. Mrs. Miligan and
Mrs. Brannan are daughters of Mr.
and Mrs. Hand, who make a practice
of spending some time with them
every winter.

WINTER RESIDENTS
RETURN TO NORTH

Mr. and Mrs. Frank W. Smith left this morning on their return to their northern home in Bellevue, O., after spending the past five months at the beach in the Ashland apartment house Atlantic avenue, Seabreeze.
Mr. Smith has probably made more friends and acquaintances here this season than any other visitor. His cheerful countenance and spirit has been a frequent caller at the local public school where he has been as one of the school children. He has made friends also in the churches here and all who have known him regret his departure.

BOND ELECTION FOR
\$8,000 TO BE HELD
IN DAYTONA BEACH

COUNCIL PASSES RESOLUTION
CALLING ELECTION IN FEW
WEEKS FOR PURPOSE OF BOR-
ROWING MONEY NEEDED.

The Daytona Beach town council as its regular bi-weekly meeting Monday evening passed a resolution to call an election not sooner than 15 days for the purpose of obtaining a vote on the question of the town borrowing \$8,000. Three thousand of this will be used for taking up certain outstanding indebtedness and the remainder for improvements to be made on the town's water works.

The resolution contained a clause which stated that only such a sum of the \$8,000 shall be used as is needed and that the remaining certificates may be cancelled and rendered null and void.

Bills amounting to approximately \$350 were ordered paid by the council. The list of expenditures included a bill of \$224 to A. Brachhold for the building of the couenna wall and cement sidewalk along the Field property on Halifax avenue.

F. W. Pope, attorney, was present and addressed the council concerning the proposition of Mr. and Mrs. C. H. Kaylor in regard to their Halifax avenue property.

It was decided to favor a tax rebate to the Central Florida Railway company but only such a rebate as to make the state and county tax assessment correspond with the town's assessment.

Three building permits were granted. Clara W. Tupper, for the erection of an \$800 house, to W. L. Miller, for the erection of a \$1,000 apartment house on Grandview avenue, to Clark G. Smith, for the building of a garage apartment to cost \$300.

E. D. Kimball, who is one of the superintendents of construction on the building of the new H. H. Windsor home on the river front and Peninsula drive, lower Daytona Beach, was confirmed as deputy marshal.

The result of the recent public caucus was approved and accepted by the council as were the two petitions in behalf of R. L. Selden and E. A. Branch. T. J. Gushue, John N. Pickett and Clark G. Smith were made judges of election with Mr. Gushue as clerk.

The town clerk was instructed to furnish a copy of the budget as made out for 1916 and a statement of the actual expenditures during the year on the budget items for the purpose of comparison at the next meeting of the council.

Other and minor matters were discussed at length after which adjournment came at a late hour.

DAYTONA BEACH

Mrs. Emma A. Foster recently arrived from her home near Hartford, Conn., to spend several weeks with Mr. and Mrs. E. E. Tupper at their home on Peninsula drive, north of Seabreeze avenue. Mrs. Foster is now enjoying her first trip to this state and is greatly in love with its beauties. She will return north about April 1.

Mr. and Mrs. N. P. Alkire enjoyed a boat ride to Coronado Beach today.

L. Henry Cohen, of New York City, who has been spending the past few weeks at a local hotel, left Monday afternoon on his return to the north. He spent the first part of the week in Palm Beach coming to Daytona Beach about the first of the present month.

NEW PARK SITE
IS SUGGESTED

The Horn & Wilson real estate agency, of Daytona Beach, has offered to the town of Daytona Beach the large vacant lots on the southwest corner of Palmetto street and Seabreeze avenue a price of \$5,000 for the next few days.

The town has been anxious to get such a lot for the use of a public park and cricket ground. The present park corner of Lake Oak and Seabreeze avenue has been purchased by Ruchman & Maly, company, of Daytona and it intends to erect a substantial brick building before the coming of the next winter season. The lot offered to the town is owned by S. Hubbell, the same man who has so kindly allowed the use of the present park until its sale.

If you see it in the News, its so.

REMAINS OF J. E. NELSON
TAKEN TO NORTHERN HOME

The remains of J. E. Nelson, whose death occurred at a hospital in this city Monday morning, were forwarded this afternoon to the home of the deceased, Nelsonville, Ohio, where funeral services will be held and the interment will be made. The remains were accompanied north by a son of the deceased, R. Nelson, who came to Daytona yesterday from Indian River City where he is engaged in business. Both father and son were injured in an automobile accident near Titusville on the 14th of February and the older man's death resulted from internal injuries received at that time. He was spending the winter with his father at Indian River City, as had been his custom for the past two or three years.

"ABSEGAMI" DOCKED FOR
SEVERAL DAYS' STAY

The "Absegami," owned by Judge J. J. White, of New Jersey, docked Sunday afternoon and is anchored for a week's stay here. Aboard the beautiful craft are Mrs. J. J. White, Mrs. Elizabeth White and Mr. and Mrs. A. B. Smith of New York City.

The yacht, a 26-foot racing boat, was completed during the past year for Judge White, who is on the supreme court bench of New Jersey and one of the most prominent jurists in his state. Aboard the yacht Mrs. White and guests have been cruising the water around Miami and Palm Beach. After spending five or six days here they will continue their way up the coast enroute to New York. Mr. Smith is a son of Mr. and Mrs. James J. Smith, who are season guests at the Prince George hotel.

FALLS ON ICY WALK;
PICKS UP A ROLL

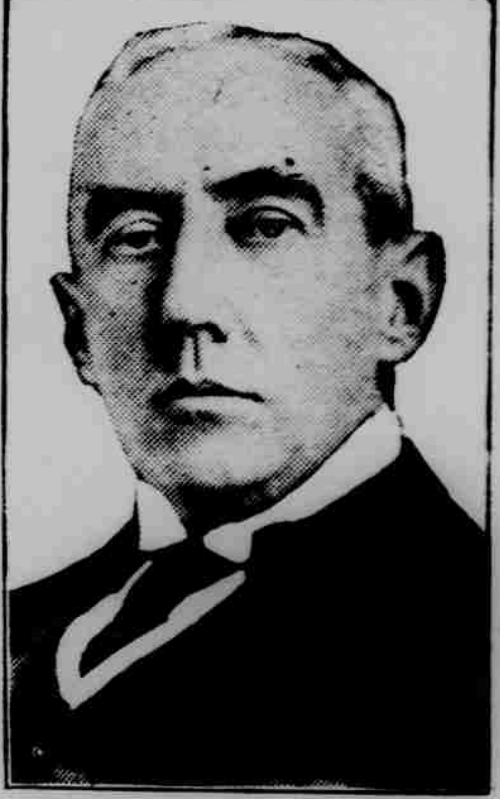

Miss Eva Sanbell of Highland Park slipped and fell while walking on an ice-coated sidewalk. Underneath the planks, which were loosened by the fall, she found two bills, one for \$10 and the other for \$20.

"Just what I needed," she said later. "My hotel bill was due today."
The money is believed to have been lost by some passer-by before the snow fell, and blown beneath the sidewalk by the wind.

AMUNDSEN TO FLY TO POLE

Explorer Sails for Norway to Witness the Launching of His New Ship.

New York.—Capt. Roald Amundsen, discoverer of the South pole, sailed recently for Christiania to make final preparations for his aerial trip to the North pole. He expects to return to this country once before making the flight to purchase the most highly developed aeroplane for the attempt. Captain Amundsen will witness the launching of his new polar ship at Christiania. The equipment which he has been gathering together in this

country will be placed on the ship and the explorer will then return to the United States to procure the aeroplane in which he will make the final dash.

The new polar ship will force its way through the ice to a position in the Arctic situated at 80 degrees north latitude. This base is 60 miles from the pole. From here the explorer will be towed the pole with the expectation of reaching it in less than an hour of flight. The aeroplane which Captain Amundsen will use will be capable of 150 miles an hour, the explorer hopes. With him in the final flight will be his assistant.

NEW DISEASE ATTACKS BEANS

Government Experts Condemn as Unfit for Food 15,000 Cans of Boston's Favorite Diet.

Chicago.—New disease germs which will prove a shock to Boston when it learns that its long-lost cherished bean is subject to a disease exclusive, but deadly.

The discovery was announced on the coast of Judge K. M. Landis by government chemists who were testing 15,000 cans of pork and beans, which had been condemned as unfit for use.

"What's the matter with you?" asked Judge Landis as he snuffed at a can that had been opened.

"Anthrax," replied the expert, who was in the quind. "It makes you mad for food. One bean with anthrax will make you sick if it is eaten. It's just been discovered."

"What's it like?" asked the judge.

"It's just like the anthrax you know," replied the expert, "and it's just like the anthrax you know."

Treatment by Former Head Surgeon General to Obsolete 25 Cases.

DRUNKARDS ARE ALSO SAVED

One Patient, a More Human Shell, is Able to Walk in 48 Hours—To Be Made Public After 100 Cases Are Treated.

New York.—A new treatment for drug addicts and drunkards which appears to be of remarkable efficiency is being used at Warwick Farm, the 500-acre retreat maintained by the city in Orange county for inebriates and other delinquents.

The remedy or system of treatment, has been in use about three weeks. It has been applied to 25 drug users, each of whom has rapidly gained weight, has lost his craving for narcotics and stimulants and has acquired a normal appetite.

The treatment was devised by Dr. Charles F. Stokes, superintendent of Warwick Farm. Doctor Stokes' standing in his profession is lofty; he has served in many city hospitals, he was surgeon general of the navy under both President Roosevelt and President Taft, and he has attained distinction as the author of many monographs on military and general surgery. For the past two years he has had charge of the medical work at Warwick Farm, and most of his interest lay in the treatment of habitual drug users.

Note to Justice Kernochan.

Most of the work of the farms heretofore has been in building up the strength of drunkards and narcotic victims after medical treatment had been given in city hospitals. Doctor Stokes' desire to acquire patients upon whom to try the treatment was responsible for a knowledge of his cure becoming public prematurely, for he wrote to Justice Frederic Kernochan of special sessions asking that a number of drug addicts be sent direct to the farms to try the new treatment.

Doctor Stokes declined to discuss the treatment on the ground that to do so would be unethical; that if the cure proves satisfactory it will be made public in the recognized ethical way, i. e., through a paper read to the Academy of Medicine. Charles Samson, executive secretary of the board of inebriates, which conducts the farms, adopted the same attitude.

The letter to Justice Kernochan asked that the names of the sent to the farms be given. The law will not be broken, for the doctor Stokes said he had treated and cured at least 100 cases.

No Failure in 25 Cases.

There has been no failure in the treatment of the 25 cases. The cases were selected by the board of inebriates, and the treatment was given by the doctor. The cases were selected by the board of inebriates, and the treatment was given by the doctor.

VERY PRETTY TEA AT GUILD HALL

A large attendance of ladies enjoyed the pretty tea and tete-a-tete hour which was held in the Guild hall on Orange avenue on Monday afternoon for the benefit of St. Mary's church. The hall was transformed into an indoor garden, yellow tulips aiding, with their bright coloring, the artistic note of the decorations. Mrs. Robert McKay, Mrs. J. H. Cornwall, Mrs. Knapp and Mrs. Cook were the hostesses who lent graciousness and charm to the pretty event. Mrs. Menefee Huston and Mrs. A. H. Kling poured the beverages of tea and coffee seated at an artistically appointed table, made more festive with vases of yellow tulips. Miss Lee Bowers had charge of the serving of sandwiches and cake, assisted by a bevy of young ladies and young matrons in the persons of Mrs. J. E. Rawlings, Miss Marion Hilliard, Miss Hildegard Courtney, Mrs. B. D. Wilder, Mrs. J. M. Canfield, Misses Little, Holden and Laura Johnson.

A pretty entertaining program was carried out. Mrs. A. P. Nachwey, of Dickinson, N. D., delighting with three very beautiful Irish ballads. Pretty Miss Stickney in her inimitable manner gave several readings which were thoroughly enjoyed.

Mrs. Green had charge of the voluntary offerings which amounted to a goodly sum, which will be given to the church.

FOR THE FATHERLESS CHILDREN OF FRANCE

The two ladies, Miss Schofield and Miss Fell who are to speak here about little French orphans, are enthusiastically received wherever they appear. They are waking people up to realization that hundreds of thousands of helpless children all over Europe are suffering for food and clothing. Unless some aid is given and given quickly, these innocent victims with their sensitive souls and tender bodies will be so blighted and warped by their privations that, no matter how much is done for them later, the scar left by these awful years can never be effaced.

The American Committee for the Fatherless Children of France (Orphelins des Armes) has been formed to assist the French government in supporting in their own homes children whose fathers have died in the war. To the daily ten cents allowed them by France another ten cents is added by the committee. It is hoped, if this can be continued a year or two, their own country will be readjusted and will then be able to carry this burden alone. These children, these "lilies of France" seem especially to belong to us, and the gratitude for what their ancestors did for us should make us feel it a privilege to give them help.

The ladies will speak tonight at 8:00 o'clock in the Clarendon hotel. Wednesday, immediately after lunch at the Hotel Toronita at Wilburby the Sea, and tomorrow evening at the Palmto club house at 8:15.

Some distinguished guests at the Clarendon are lending their names as patronesses of the affair, and a bevy of pretty girls will act as debutantes, selling French post cards and medals with a charming design by Madame A. A few large posters by Breuer can also be purchased. Members of the local executive committee, of which Miss Margaret Rhodes is chairman, and F. J. Niven, treasurer, will be present at each meeting.

THE WISHING RING ON MARCH 24TH

Under the auspices of the Civic department of the Palmetto club a very pretty musical fantasy will be given at the New Daytona theatre, Saturday, March 24th, matinee and evening. The vehicle, "The Wishing Ring," a tuneful extravaganza of known merit will include in its wide scope, many of Daytona, Daytona Beach and Seabreeze young people who will thus be enabled to display their talent in dancing and singing before their fond and admiring friends. There will be children and grown-ups in the cast and each and everyone will do his part to make the event a social as well as a financial success.

Mrs. M. L. Stanley will be in charge of the entertainment committee. Mrs. J. B. Garrison will take charge of the financial and ticket committee. Publicity will be taken care of by Mrs. C. M. Wilder. Miss Lee Bowers will have charge of the talent. Chaperons have been appointed for the various groups, who will look after the young people during the rehearsals which are being held each day. Most of the principal characters have been selected, and a complete list will be published later. J. B. Rogers, of Postoria, Ohio, the author of the production, is here directing the staging of this musical caprice.

RIVER TRIP TO CELEBRATE WEDDING ANNIVERSARY

Repeating a pretty custom of several years, Mr. and Mrs. E. P. Wells, of Minneapolis, Minn., who are season guests at the Princess Ismena, celebrated their wedding anniversary Saturday with a river trip.

Aboard the "Southland," the party made the trip to Ponce Park, where they landed and spent several delightful hours. A dainty picnic luncheon was spread gypsy fashion under the trees. Returning late in the afternoon they witnessed one of the glorious sunsets for which Florida is famous. For several years Mr. and Mrs. Wells have given river parties to celebrate their wedding anniversaries. A pretty feature of the Saturday trip was that they returned to Ponce Park, which was the scene of their celebration last year.

Invited to participate in the happy event were Mrs. E. L. King, Mr. and Mrs. Walter L. Badger, Mr. and Mrs. T. B. Janney, Mr. and Mrs. E. H. Woodworth, Miss Janney, Mr. and Mrs. H. C. Helm, Mrs. Courtney, Mr. and Mrs. Conklin, Mr. and Mrs. Hilliard, Mrs. J. W. Pollak, John E. Watson, Mrs. S. W. Wells, Miss Wells, Mr. and Mrs. Wright.

MISS GOLDBERG HEARD CONCERT SUNDAY

Guests at the Seaside Inn, who were given several rarely charming songs Sunday night when Miss Rita Goldberg sang in the 10:00 P. M. concert, were heard in official concert.

Miss Goldberg was never so before when Sam Sander, light and her dear soprano of infinite range and powerful sweetness was given the song to her well selected songs. With interpretation that marked her a trained artist, Miss Goldberg sang Schubert's "Serenade," followed by sections from "Chamber Music," "The Rose Tree" and "Bliss Morning." Danna, Redding Miss Goldberg, Miss Adelle Goldberg sang "The Rose Tree." The quartette was last night in Miss Goldberg's rendition.

After Miss Goldberg's numbers, Mrs. William Farnham gave a series of clear recitations. Her little boy and girl sketches were given with transparent expression was carried her to tears back to childhood with her Mrs. Farnham in addition to being a talented storyteller is an exceptionally clever actress.

WILBUR BY THE SEA

WILBUR-BY-THE-SEA, March 12—Mr. and Mrs. Henry McLachlan, who own a winter home on Cardinal avenue at Wilbur-by-the-Sea, have returned from a short trip to Palatka and other places on the St. John's river.

Mr. and Mrs. G. C. Cobban and Mrs. E. H. George, of Groveland, are visiting the McLachlans' where they are being delightfully entertained.

Mr. and Mrs. Clarence Corning, of Plaistow, N. H., were pleasant visitors at Wilbur-by-the-Sea, calling on Mr. and Mrs. B. W. Branch. Unlike the usual visitors, Mr. and Mrs. Corning came down the Halifax river in their cruiser which is named New Hampshire.

Interesting services were held at the club house Sunday evening which were attended by many guests from the Toronita hotel as well as the cottagers. Mrs. Wilbur F. Cobb read, and Mrs. Emery, a talented musician, sang.

Mrs. C. A. Davis, who conducts the gift shoppe at Wilbur-by-the-Sea, will spend the week in Jacksonville, combining business with pleasure. Mrs. Davis has met with grand success and as she has an exclusive line of goods, the sales are extremely promising.

R. G. Craighead, who recently returned from Jacksonville, will entertain his friends, shortly by giving a dance in the lobby of the Toronita.

Several auto parties visited Wilbur-by-the-Sea on Sunday and the dining room and sun parlor of the Toronita were kept open long after the usual noon hour to accommodate all of them.

Miss Frances D. Piper, who conducts the Toronita hotel, still continues to receive many requests for reservations from friends of pleased guests who have returned to their northern homes and at present the demand exceeds the supply.

This week bids fair to be one of the most delightful weeks of the season, for every night some special social event will be held. The Toronita boasts of many talented musicians as well as efficient bridge enthusiasts.

Miss Wells, of Minneapolis, Minn., who with her mother, Mrs. S. W. Wells is a season guest at the Princess Isabella, left yesterday for New York City for a week's stay. From New York Miss Wells will return to Seabreeze for the remainder of the season.

Mr. and Mrs. M. Nathan, A. Cohen and Jack DeLaney, of Johnstown, Pa., and Mr. and Mrs. Robert Savage, and Miss Mary E. Savage, of New York City, were a party of automobilists who stopped for luncheon at the Prince George yesterday en route to Jacksonville.

IS AN EXCELLENT GOLFER

Among the visiting golfers who are playing the local links, F. H. Weed, the Oakley Country club amateur from Boston, Mass., is one of the most conspicuous. In the long game, especially, Mr. Weed excels and in his recent matches with the crack professionals who played here he more than held his own. One prominent professional remarked that if Mr. Weed would only play a little more often and take the game a little more seriously, he would be a very difficult man to beat.

ON DEPARTMENTAL INSTRUCTION UPPER GRAMMAR GRADES

It shall be the purpose of this, the third article of a series that is being published by the supervising principal of the Daytona Public Schools, to discuss briefly the plan of departmentalization that has been inaugurated in the local schools during the past year. Under the old plan of organization each grade up to and including the eighth grade had one teacher for each room or section, and this one teacher taught all the different subjects in that grade. However, a different plan is now in force in the seventh and the eighth grades—a plan which provides individual teachers for the several subjects studied by the pupils of each grade. There are two reasons why the scheme of departmentalization was not placed farther back than the seventh grade. First, in the opinion of those who are responsible for the management of the schools, it was not deemed wise to place the personality of so many teachers before the children of the lower grades, and especially since specialization is not so necessary with the younger pupils. Second, and perhaps the more important, it was the intention and is now the intention of the administration to formulate a "first step" looking toward the establishment of the "six and six" plan, or the "six, three and three" plan of organization, that is, a system which means six years in the elementary schools and six years in the high school. Progressive cities in various parts of the United States have already adopted this plan. And certainly the schools of Daytona must be kept modern and progressive.

A part of the teachers in the departmental work do not now teach any high school subjects. However, the teacher of history in the high school teaches the history in the seventh and eighth grades; the high school English instructor teaches literature in the eighth grade; and the teacher of English grammar is also the high school Latin teacher. From these facts it can be clearly seen that the departmentalization of the elementary schools is already closely articulated with the departments of the high school. By a process of rather rapid evolution this articulation can be made closer; by slight changes in the curriculum tending toward a broadening of courses and opportunities it will soon be possible to introduce secondary studies in the seventh grade and the eighth grade, and to reach up into the higher grades with certain subjects that have heretofore been considered elementary. In short, the plan requires a general "stirring up" and then a readjustment to suit better the needs and the capacities of various types of students. The purpose of this article does not permit a discussion of the advantages of readjustment on the "six and six" plan.

However, the reader may be assured that the advantages are many.

Yet the scope of this article demands a statement of the advantages of the departmental system as it is now in operation. In the Daytona Public Schools, first, it is productive of more expert teaching, because the teacher may become in a sense a specialist in the teaching of one subject. The instruction is more thorough and the presentation is better. Second, the general opinion prevails that discipline is improved. Third, it is possible for the teachers to have better equipment for their work. Fourth, the plan tends toward the differentiation of each child, his individualism is better developed. Fifth, favoritism and partiality are reduced. Sixth, the pupils do more consistent studying. These are only a few of the many reasons for the adoption of the system. Like practically every other good thing departmental work presents some objections, but one cannot investigate the system as a whole without concluding that the advantages far surpass the disadvantages.

PREACHED SPLENDID SERMON
ON "THE A. B. C. OF THE GOSPEL"

Last night at the Christian church on South Palmetto avenue, Evangelist Harry Lampkin preached a splendid sermon on "The A. B. C. of the Gospel." The "A" of the gospel was according to Romans 3:23. The speaker showed the universality of sin and pointed out the fact that people send for the doctor only when they realize their need of having him. So people must be convinced of the sinfulness of sin before they begin to think of their salvation. The "B" of the gospel was according to John 1:23. Here Mr. Lampkin showed how God has provided for man's redemption in the gift of His only Son. Then the evangelist proceeded to show that, since all have sinned, and God has provided a Redeemer, it remains for man to accept the "C" of the gospel according to Matthew 11:28. Here the evangelist dwelt on the mercy and love of God in extending such a blessed and glorious invitation to man, to all who are weary and heavy laden, to come to Christ, the only Saviour of man.

Tonight Mr. Lampkin will talk on "Bound by Satan." A question box will be used and the public is cordially invited to use it. The answering of questions will be of help to others as well as the questioner. The hour of service will be 7:30.

If you see it in the News, its so.

Survival of Ancient Type.

One of the strangest animals known to zoologists is the tenrec, an insect-eating animal found only in the island of Madagascar. It is supposed to represent a very ancient type of animal which is now almost extinct. Madagascar, once a part of the mainland of the African continent, was separated therefrom at a very remote period in the past. As a result a fauna peculiar to the island has been developed.

SPEED ATTAINED BY A NUMBER OF RACERS MONDAY

Monday afternoon witnessed several smart brushes in the way of speed on the beach. Among the cars were to be found Lord Douglas Gray's 1914 model, with which car he expects to take a page out of the Hudson's racing record books; the English Sunbeam owned by M. E. Pratt, which is said to be able to do over 90 miles per hour; and the big 190 H. P. Blue Peugeot owned by E. Virgil Neal, were also tried out.

This is the first season this latter blue ribbon winner has appeared on this beach. His long list of victories include the French Grand Prix race in 1913, with Durray driving, when Bruce Brown, the American driver, came in second. In America it is credited with winning the Indianapolis race, Geaux piloting it then, and has done an ultimate speed of 125 miles per hour. The racing gears have been removed together with the racing body, and as it now is, with a touring body it did 57 miles an hour last Thursday morning. H. Munson Heller, driving. Yesterday this experienced racing pilot, who has tuned many other fast cars on the Sheepshead track, ran it out on the beach, accompanied by his experienced mechanic, David C. Brooks. When the other cars have in sight, he anticipated some friendly brushes. According to Mr. Heller it takes some time before these big motors can be properly warmed up and when after several runs on the beach, a reading of only 75 miles an hour, a third speed was attained, the head was lifted to find the cause. It was found that only three cylinders were operating, owing to a spark plug having become fouled. With this removed the motor tuned up to its accustomed output and they set forth to touch the century mark, but the drivers deferred their try-out for the day. They expect to be out with the new good tide and spectators may look forward to some classy exhibitions.
